VINEYARD

*Your day, your way...*

## *Our story*

In 2012 my dad (Henry) decided to plant a vineyard. Little did we know that vineyard would be the saviour of our farm and the beginning of an exciting journey for our families.

After hosting a handful of weddings my partner Andy proposed and in 2016 we had the absolute pleasure of getting married on our special little hillside. Not only did this provide us with one of the best days of our lives, but it gave me hands-on, real life experience of the ups and downs of planning a bespoke, marquee wedding.

To date we have hosted over 30 totally bespoke weddings at Little Wold Vineyard.

We are a family business with my brother Tom heading up the marquee team, my nieces Ellie and India keeping the place ship shape on the day, my dad Henry on call for any little extras we may need and of course myself to help plan and manage the day itself.

Ensuring our couples have an amazing wedding day is essential to the whole team. Your wedding is an experience that will create memories to last a life time... it is our job and ambition to ensure it is the best it can possibly be!

'I don't even know where to start! We had the most amazing wedding here! All of the guests have been raving about this venue. It truly was magical. Another magical aspect is Alice. Love the Hogans

'We had our day at Little Wold Vineyard and have got to say it was amazing. Alice is a star and will go above and beyond to create your perfect wedding. From her planning to the location, there isn't one thing that doesn't rate the place as five stars. I would recommend this dream location to anyone. On behalf of my new wife and I we would like to thank all the Little Wold vineyard team for the greatest day of our lives.'

## Frequently asked question

Can I legally get married at Little Wold Vineyard?

Not YET - however, now we have planning permission we will be applying to become a licensed venue for 2019 (watch this space). At present we offer 'Hill Top Blessings'. These ARE NOT LEGALLY BINDING but provide a personal and beautiful aspect to the day. Vows are exchanged, readings are read and you can even sing a song if you like!

Can I bring my own decorations?

Of course! We love seeing all your personal touches. We also have lots of extras we can help you with, and can provide a 'dressing' service if required.

Is there accommodation?

Not onsite, however, we have a full list of local places to stay such as The Fox and Coney Inn, Wolds Way Holiday Cottages and Cave Castle Hotel.

How many weddings do you host on a day?

One and one only! Strictly no sharing on your day.

Can we bring our own bar on site?

Unfortunately not, we offer a HUGE range of drinks packages and try to tailor what is stocked on the bar to our couples. We serve local ales, lager on draught, wines, cocktails, ciders, spirits and the rest.

Do you provide staff on the day?

Yes! Caterers may also bring service staff with them - this will need to be discussed beforehand to ensure the day runs smoothly.

Who helps us to plan everything?

Either Alice or Meg will be on hand all the way through the planning process, helping you to select suppliers, work out timings, think about finishing touches and much more! They are also there on the day from start to finish to ensure it runs smoothly and to plan!

How does payment work?

Simple - we require just £1000 to 'save the date'. Then, once you have booked your date we will have an initial planning meeting and look to see if there are any extras you want to add onto your package. Within 60 days we require 10% of the final bill to be paid. The rest is then required one month prior to the big day.
